

Hilo Featured Shore Excursions

Volcanoes National Park: Adult Pricing From \$69

Explore Volcanoes National Park and learn about Hawaii's Goddess of Fire, Madame Pele, as you drive along the crater's rim as allowed by park rangers; due to activity, parts may be closed. Standing at just over 4,000 feet, Kilauea is not the tallest volcano on the Big Island, but it's certainly the most active. Pass the Halemaumau Fire Pit and the Kilauea Iki Crater before stopping at the Thurston Lava Tube, where a short walk gives you the opportunity for an up-close view of an extinct lava tube. This tour also visits the Hawaii Volcano Observatory and Jaggar Museum. Finally, end your day with a visit to Big Island Candies where you can sample the tasty treats and take some home. Note: While at Volcanoes National Park, you won't see molten lava.

Thurston Lava Tube is not wheelchair accessible due to uneven pathways and steps. An additional optional shopping stop may be provided.

Circle Of Fire Helicopter: Adult Pricing From \$249 (Pre-book & Save \$20)

See Earth's most geologically active environment, the Kilauea Volcano, on a thrilling helicopter ride. This remarkable 45-minute flightseeing tour emphasizes the current areas of volcanic activity. Fly over Kilauea's most recent eruption sites and follow the surface activity down to the devastated village of Kalapana. View lava flows, the Puna Forest and black-sand beaches, which were formed by lava that was cooled by water. In the course of your tour, you'll receive an informative commentary from your tour guide/pilot over an individual headset. Note: Guests 250 lbs. and over are charged an additional rate to reserve two seats for safety and comfort. These spaces are capacity controlled. While booking on line, if you do not see the option for 250 lbs. and over, this means that these spaces are sold out. Please do not book the under 250 lbs. selection, but check with the Shore Excursion Desk once on board the ship to see if more seats or another departure time has become available. This tour is non-refundable once booked.

Secrets Of Puna: Adult Pricing From \$175

Cool off under swaying palm trees in a natural lava rock lagoon and feel the warmth of a black-sand beach between your toes. Drive across the black lava flows, in a private SUV to the Puna District and Kilauea Volcano. Hear first-hand stories of life in Kalapana from the former residents who witnessed the destruction. Walk across the lava flows which entomb the former village of Kalapana, and find the new black-sand beach of Kaimu. Enjoy a Hawaiian barbecue lunch prepared by your guide, at a private working macadamia nut and honey farm. Learn what it's like to operate a macadamia nut farm sitting on the most active volcano in the world. After lunch, travel across the stark black lava flows to find where the lava met the sea in the 1960 eruption. Your next destination is Lava Tree State Park. Take a short walk to where a lava flow in 1790 covered the jungle and ohia trees. Finally your guide will share a beautiful coastal lagoon with you. It is protected by a reef and is home to tropical fish and the occasional giant green sea turtle. Swim, snorkel, or explore the fascinating coastline here before you return to your ship. Note: Tour capacity is limited. Molten lava will not be seen. Order of itinerary may vary. Lunch includes cold local beer, French champagne, juice, sodas and water.
